

Scarborough's Biodiversity Action Plan - Contents

Introduction	
What is Biodiversity?	4
Why is Biodiversity important?	4
The National and Regional Framework	4
So, what is a Biodiversity Action Plan (BAP) and why does Scarborough need one?	5
The Scarborough BAP	
What area does the BAP cover?	8
Who prepared the BAP?	8
Criteria for the selection of Local Priority Habitats.	8
Criteria for the selection of Local Priority Species.	8
Taking Action and Monitoring	
Introduction	10
Information and Data	10
Sites of Special Scientific Interest in Scarborough	11
Sites of Importance for Nature Conservation	11
Other Strategies and Plans	12
Reporting and Monitoring	12
Review	13
General Action Plan	13
Getting Involved	
How Can I Help With This Biodiversity Thing?	16
Introduction to Scarborough's Wildlife Diversity	
Scarborough's Wildlife Diversity	18
The Habitat Action Plans	
The Selected Habitats and Species	22
Woodland	23
Lowland Wood Pasture, Parkland / Veteran Trees	26
Ancient and/or Species-rich Hedgerows	28
Unimproved Neutral Grassland	31
Calcareous Grassland	34
Acidic Grassland	37

Wetlands	39
Open Water	41
Coastal Wetlands	46
Coastal Cliff Mosaics	48
Rivers and Streams	51
Species in Buildings	54
Water Vole	56
Otter	58
Bats	60
Harbour Porpoise	62
Tree and House Sparrow	63
Reptiles	65
Great Crested Newt	66
White-clawed Crayfish	68
Golden-shelled Slug	70
Water Violet	71
Rare Flowers	73
Guidance Notes and Conservation Tips	
Problem Species	76
Guidance Note on Gardens	79
Guidance Note on Farmland	81
Guidance Note on Development	84
Appendices	
Appendix 1: Bibliography	88
Appendix 2: Map of BAP area	89
Appendix 3: Scarborough Biodiversity Action Plan Partnership (Membership)	90
Appendix 4: Relationship between BAP and SINC habitats	91
Appendix 5: Glossary of Terms	92
Appendix 6: Abbreviations	94
Appendix 7: Useful Contact Details	96
Appendix 8: Scientific Names of Species used in the Text	98
Appendix 9: Schedule of Responses to Public Consultation	102
