

Personal Search of the Local Land Charges Register

As an alternative to the official form LLC1 you can check the Council's records yourself or pay someone else to check on your behalf (Personal Search Company). Clearly in such circumstances the statutory compensation scheme does not apply and any search you undertake personally is at your risk. Likewise you should ensure that the person you pay to undertake a personal search has in place the appropriate insurance in the event of errors being made.

The Local Land Charges Register is a Public Register and is open for public inspection.

An appointment system is in place due to other work commitments undertaken by the Local Land Charges Unit. Appointments are available at 11am, 2pm and 3pm. Please ring 01723 232488 to book an appointment.
